

## *Papers Published By Faculty*

---

### **Papers Published by Mr. Sharavana K**

Applying virtualization technology on multi-core embedded systems for ----  
Intel system.—IJCSET-2014

A survey on deploying hpc in the cloud using volunteer computing—  
IJRCCE--2014.

A Survey on Privacy Preservation against Traffic Analysis in Wireless  
Network by HEF on GEVs--IJSRCSAMS-- 2013

## Papers Published By PG Students

---

### Papers Published by Mr. Abhilash KV (PG)

Reducing Carbon Emission in Cloud Environment Using Efficient Resource Allocation Methods—ICIT-2014

A survey on resource management in cloud computing—IJCSIT--2014

Automated resource management system in cloud computing—TRIC—2013

### Papers Published by Ms. Chitrashree Kurtkoti (PG)

Message Authentication and Source Privacy using ECC in WSN-IJERT-2014.

### Papers Published by Mr. Lakkireddy Rahul reddy (PG)

Deployment of Virtual HPC clusters on demand from volunteer computing resources—IJARCC—2014

A Survey on Deploying HPC in the Cloud Using Volunteer Computing—IJCEA—2014

### Papers Published by Mr. MadhuSudana H A (PG)

A Survey on Protecting Information Brokerage System against Intruders—IJEIT—2013

Preserving Privacy of Information Brokering Systems in Distributed Information Sharing—TRIC-2013

Design of the Protecting Information Brokerage System Against Intruders—IJARCST—2014

### Papers Published by Mr. Suresh Chogula (PG)

Survey on Traffic Redundancy and Elimination Approach for Reducing Cloud Bandwidth and Costs-IJCSET—2014

Design of Traffic Redundancy and Elimination Approach for Reducing Cloud Bandwidth and Costs—IJRCCE—2014

### Papers Published by Mr. Jaharlal Sarkar (PG)

Multiple spoofing attacks detection & localization in wireless network—IJEIT--2014

### Papers Published by Mr. Anand Kulkarni (PG)

Universal Mobile Web Service—ICIT-2014

### Papers Published by Mr. Madhusudan S (PG)

Detection of Network Intrusion and Countermeasure Selection in Cloud Systems- IOSR-JCE—2014

PCSV: Private Cloud Security using VLANs—TRIC-2013

Overview Architecture Of Audit Services In Cloud Storages-- Design Innovations for 3Cs Compute-Communicate- Control--2014

### Papers Published by Mr. Srinivas Babu (PG)

GENTEEL NETWORK: Condensing Dissipation of Power and Network Power Enforcement—ICIT-2014

### Papers Published by MS. Deepika S Haliyal (PG)

Two Way User Authentication Using Biometric Based Scheme for Wireless Sensor Networks---IJEIT-2014

"Biometric-Based User Authentication Scheme For Wireless Sensor Network"—TRIC-2013

### Papers Published by Ms. Sunita tiwari (PG)

A Survey on Distance Bounding Protocol for attacks and frauds in RTLS system—IJEIT-2014

Real-Time Location Systems Security using Distance Bounding—IJRES-2014

Distance bounding: a secure solution for attacks & frauds in real time location systems

### Papers Published by Ms. Bharati madani (PG)

Attribute Based Encryption for Scalable and Secure Sharing of Medical Records in Cloud Computing Design and Implementation—IJRCCE--2013

Secure Sharing of Personal Medical Records: Survey—IJSRCSAMS-2013

### Papers Published by Mr. Mayur.p.auradker (PG)

EPDVS Algorithm for Enhanced Data Delivery in Vehicular Networks. —IJSRCSAMS-2013

A Survey on Vehicular Networks to propose EPDVS Implementation—ICACIT--2013

### Papers Published by Ms. Neetha (PG)

Achieving Data Privacy and Security for Multi Shares using Multi Clouds Computing-IJSRCSAMS-2013

### Papers Published by Mr. Pavan Mulgund (PG)

A Survey On Tying Data To Geographic Locations In Mobile-Disconnected Networks Using Boomerang Protocol—IJARCC-2013

A Design Of Efficient Management Of Geocache In Mobile-Disconnected Networks Using Trajectory-Based Approach-IJSRCSAMS-2013

Overview Architecture Of Audit Services In Cloud Storages-- Design Innovations for 3Cs Compute-Communicate- Control--2014

**Papers Published by Mr. Praveen S G (PG)**

Efficient Node Energy Based Encryption And False Data Injection In WSN-IJSRCSAMS-2013

**Papers Published by Ms. Rachana M (PG)**

Energy Efficient and Reliable CRT Based Packet Forwarding Technique in Wireless Sensor Networks—IJSRCSAMS-2013

**Papers Published by Mr. Rakesh V S (PG)**

A Survey on Underwater Sensor Network Architecture and Protocols— IJCSET-2013

Design of Multiple path transmission for Acoustic Sensor Networks - IJCIS-2013

**Papers Published by Ms. Shruthi B M (PG)**

Secure Network Discovery for Trust Aware Routing Against Severe Attacks in WSNs--IJSRCSAMS-2013

**Papers Published by Mr. Somashekhar P (PG)**

Design of Service Pricing Optimisation in Cloud Cache-IJSRCSAMS-2013

**Papers Published by Mr. Sreedhar Kulkarni (PG)**

A Survey on Privacy Preservation against Traffic Analysis in Wireless Network by HEF on GEV's –IJSRCSAMS-2013

Privacy Preservation against Traffic Analysis in Wireless Network HEF On GEV's.-IJRCCE-2013

**Papers Published by Mr. Rakesh Sharma (PG)**

Exploiting Jamming Caused by the Neighbor Changes for Jammer Localization Technique-IJSRCSAMS-2013

**Papers Published by MS. Divya Alapati (PG)**

Secure and Energy-Efficient Cooperative Video Distribution over Wireless Networks –IJCSMC-2013

Design of secure and energy-efficient cooperative video distribution over wireless networks –IJRIT-2013

**Papers Published by Divya B L (PG)**

Removing Path-Switching Cost in Video Delivery over Multiple Paths in Mobile Networks, TRIC-2014, 20<sup>th</sup> October-2014, Dept of CSE, MVJCE.

**Papers Published by Archana Bhaskar (PG)**

Workload Scheduling Optimization for Multimedia Cloud Computing, TRIC-2014, 20<sup>th</sup> October-2014, Dept of CSE, MVJCE.

**Papers Published by Rizwana C (PG)**

Cloud Based Delegate Log-Management using secure Logging As a Service, TRIC-2014, 20<sup>th</sup> October-2014, Dept of CSE, MVJCE.

**Papers Published by Prakruthi T G (PG)**

Depress Phishing by 3D CAPTCHA with OTP, TRIC-2014, 20<sup>th</sup> October-2014, Dept of CSE, MVJCE.
