

Industrial Visit to EMC – DELL Technologies

Industrial Visit to EMC – DELL Technologies

MVJ College of Engineering, department of computer science and engineering had organized an industrial visit for students of the seventh semester on the 20th September 2016. The visit was to the EMC Corporation now formally called as DELL Technologies, Bagmane Techpark, Mahadevpura, Bangalore.

The visit started at around 11.00 Am from our college campus. We reached the EMC campus at 11.50 Am in our college bus. The group was received by Ms Prabha Mohan Executive briefing advisor Dell EMC. and directed us to a cloud experience center were Mr. Jose Zacharia Senior manager Executive briefing advisor Dell EMC gave briefing about evolution of storage system and different components of data center.

After the presentation the students were taken to data center tour as a batch of 7 to 10 students by data center technicians. The data center was huge, where the storage and servers are arranged in racks and bays. The students were able to relate the storage arrays, the physical device in the data center with the theoretical knowledge. There were different servers like Sun-Oracle, IBM, Cisco installed in data center. Mobile monitoring were used to check and debug errors in the hardware at the server or storage side.

After the Data center visit, the students were served lunch. After having a good lunch, the students boarded the bus to come back to college.

Students and Faculty in Campus tour

We express our thanks to the Management, Principal and Head of Departments, for permitting and arranging the industrial visit,
