

A Memorandum of Agreement (MoA)

A Memorandum of Agreement (MoA) has been made on 18th April 2016 between AVIAN Aerospace, Chennai, represented by Mr. C. Dinesh Kumar, M.D. and C.E.O., AVAIN Aerospace, and MVJ College of Engineering, represented by Mrs.M .Brindha, Vice Principal, MVJCE. The MoU states the terms and conditions under which the Centre of Excellence for Unmanned Systems (CEUS) will be set up at the MVJCE, Bangalore with the following Vision & Mission:

Centre for Unmanned Systems Research is to be established to create a state-of-the-art facility for developing unmanned systems technology to be used for real-time applications and for creating newer technology in the field and to increase the country` capability in the field.

The key areas of research shall include unmanned systems design, societal applications, Autopilot and Navigation systems, control algorithms, and communication systems etc.

Students will get immensely benefitted by way off first-hand experience in design and development of Unmanned Aerial Systems (UAS). It will uplift their credibility by pursuing user-end projects with the help of CEUS facilities. This will also equip them to triumph in National and International competitions across the globe.
