

Drug Awareness program - 2024

MVJ College of Engineering organized a Drug Awareness program on June 21st 2024. The event was aimed at educating students about the global issue of drug addiction, highlighting its emergence as a significant social problem. This report provides an overview of the event, including key activities, speakers, and messages conveyed to the students.

Attendees

- **Chief Guests:**

- Smt. Reena Suvarna, Assistant Commissioner of Police, Whitefield Sub-division
- Sri. H M Rangaswamy, Police Inspector, Kadugudi, Bengaluru

- **Participants:**

- Around 800 students
- 20 faculty members

Objectives

The primary objectives of the event were:

- To raise awareness about the dangers of drug abuse.
- To educate students on the social, health, and legal implications of drug addiction.
- To encourage proactive measures in preventing drug use within the community.

Event Proceedings

The event commenced with an Invocation song performed by the Dhvani team of MVJ College of Engineering, setting a solemn and reflective tone for the program. This was followed by a warm welcome extended to the chief guests by Dr. Shrinivas L Gombi and Sri. Hari Hegde.

Keynote Addresses

1. **Sri. H M Rangaswamy's Presentation:**

- **Introduction to Drugs:** He began by explaining what drugs are and the different types of drugs commonly abused.
- **Development of Addiction:** He provided detailed information on how addiction develops in its early stages.
- **Signs and Symptoms:** He described the signs and symptoms of drug addiction, helping students to recognize these indicators.

2. **Address by Smt. Reena Suvarna:**

- **Adverse Effects on Life:** She spoke about the adverse effects of drug use on an addict's life, emphasizing the severe impact on physical and mental health.
- **Future Implications:** She elaborated on the negative implications of drug addiction for an individual's future, including academic, professional, and personal consequences.
- **Importance of Reporting:** She stressed the importance of informing officials and concerned family members about anyone who has fallen into drug use, highlighting the role of community vigilance in combating drug addiction.

Conclusion

The Drug Awareness program at MVJ College of Engineering successfully achieved its goal of educating students on the dangers and consequences of drug addiction. The event fostered a sense of responsibility among students to stay vigilant and support those in need, contributing to a drug-free society. The presence and insights of esteemed law enforcement officers provided a credible and impactful learning experience for all attendees.

By organizing such impactful events, MVJ College of Engineering continues to demonstrate its commitment to the well-being of its students and the wider community, ensuring a brighter and healthier future for all.
