

Club Activity on 'Fun with science'

A Club activity on “ChemE Innovators” was organized by the Department of Chemical Engineering, MVJCE on July,30, 2024, from 1:40 PM to 4:00PM in Lecture Hall 1, PU, Block, MVJCE. The Guest for the event was Mrs Soumya Srivastava, Manager and head, Environmental laboratory, Eurofins Scientific, Graphite India, Whitefield Bangalore .The activity was attended by 40 participants from students of MVJCE.

About the Activity

The club activity was centered around applying conceptual knowledge to the cutting-edge advancements in chemical engineering. The activities included are: DIY Chemical Engineering Projects Sustainable Product Design Challenge Chemical Engineering Trivia and Reaction Rate Quiz Game

A Brief Account of the Activity

The session commenced with a welcome address by Mr. Subash student from the Department of Chemical Engineering. He emphasized the significance of the activity and outlined the rules and procedures for the event.

The activity began with a time-bound educational quiz combined with Bingo game, where students participated in 6 groups with 6 students each. The winning groups from this quiz proceeded to round 2, which was also a team-based competition. In this round, teams had to solve Bingo given to the groups; it was again a time-bound activity.

Following round 2, the selected teams participated in a crafty activity with a time limit. They were tasked with creating novel ideas for managing sustainable products using materials provided to them.

After the conclusion of the third round, the chief guest had the opportunity to review the creativity displayed by all the groups. From the participants, the chief guest selected two winning teams: the first winner was awarded a cash prize of Rs 1000, and the second winner received a prize of Rs 500.

Prize Winners: First Prize – Jyothsana R (USN- 1MJ21CH021) group of V1 semester, Chemical Engineering.

Second Prize – Jeelani (1MJ22CH005) group of IV semester, Chemical Engineering.

Picture 1: Faculty, Guest and Students

The activity concluded with a vote of thanks given by Dr. Venkat Ratnam (HOD) Chemical engineering department to the MVJ management, Principal, and CoE of MVJCE for providing this opportunity. The event organizers were grateful to Chief Guest Mrs Soumya Srivastava, Manager and head, Environmental laboratory, Eurofins Scientific, Graphite India, Whitefield Bangalore for delivering informative and impressive aspects on the major advantage of clarity on the concept and its use in making real-life problem to solution. A special mention was given to ITHelpDesk and the team for their technical support during the session.

Dr. Nikita Rajpal
