

Club Activity on 'Fun with science'

A Club activity on "Fun with chem" was organized by the Department of Chemical Engineering, MVJCE on March, 6, 2024, from 1:40 PM to 4:00 PM in seminar hall 5, MVJCE. The Guest for the event was Ramesh Kumar B N, Former, Chief environmental officer of Karnataka State Pollution Control Board, Bangalore. The activity was attended by 35 participants from students of MVJCE.

About the Activity

The club activity was centered around applying conceptual knowledge to sustainably manage e waste used in various industries. The activity also included different rounds, such as an educational quiz with a twist in the form of Bingo as well as novel idea presentation on chart sheet on sustainable management on e-waste.

A Brief Account of the Activity

The session commenced with a welcome address by Mr. Subash and Mr. Alan, both students from the Department of Chemical Engineering. They emphasized the significance of the activity and outlined the rules and procedures for the event.

The activity began with a time-bound educational quiz combined with Bingo game, where students participated in 6 groups with 6 students each. The winning groups from this quiz proceeded to round 2, which was also a team-based competition. In this round, teams had to solve Bingo given to the groups; it was again a time-bound activity.

Following round 2, the selected teams participated in a crafty activity with a time limit. They were tasked with creating novel ideas for managing e-wastes using materials provided to them.

After the conclusion of the third round, the chief guest had the opportunity to review the creativity displayed by all the groups. From the participants, the chief guest selected two winning teams: the first winner was awarded a cash prize of Rs 1000, and the second winner received a prize of Rs 500.

Prize Winners: First Prize – Huzaifa (USN- 1MJ21CH001) group of V semester, Chemical Engineering.

Second Prize – Tejaswini (1MJ22CH012) group of III semester, Chemical Engineering.

The activity concluded with a vote of thanks given by Dr. Venkat Ratnam (HOD) Chemical engineering department to the MVJ management, Principal, and CoE of MVJCE for providing this opportunity. The event organizers were grateful to Chief Guest Ramesh Kumar B N, Former, Chief environmental officer of Karnataka State Pollution Control Board, Bangalore for delivering informative and impressive aspects on the major advantage of clarity on the concept and its use in making real-life problem to solution. A special mention was given to ITHelpDesk and the team for their technical support during the session.

Dr. Nikita Rajpal

Activity Organizer

Assistant Professor, Chemical Engineering
