

Blood Donation Camp Report

Organized by:

- NCC Unit, MVJ College of Engineering
- NSS Unit, MVJ College of Engineering

In Association with: MVJ Medical College, Bangalore

Date: 16 May 2024

Venue: MVJ College of Engineering, Bangalore

Objective:

The primary objective of the blood donation camp was to create awareness about the importance of blood donation and to encourage students and faculty to donate blood, thereby contributing to the community's healthcare needs. The camp aimed to collect a significant number of blood units to help save lives in medical emergencies.

Event Summary:

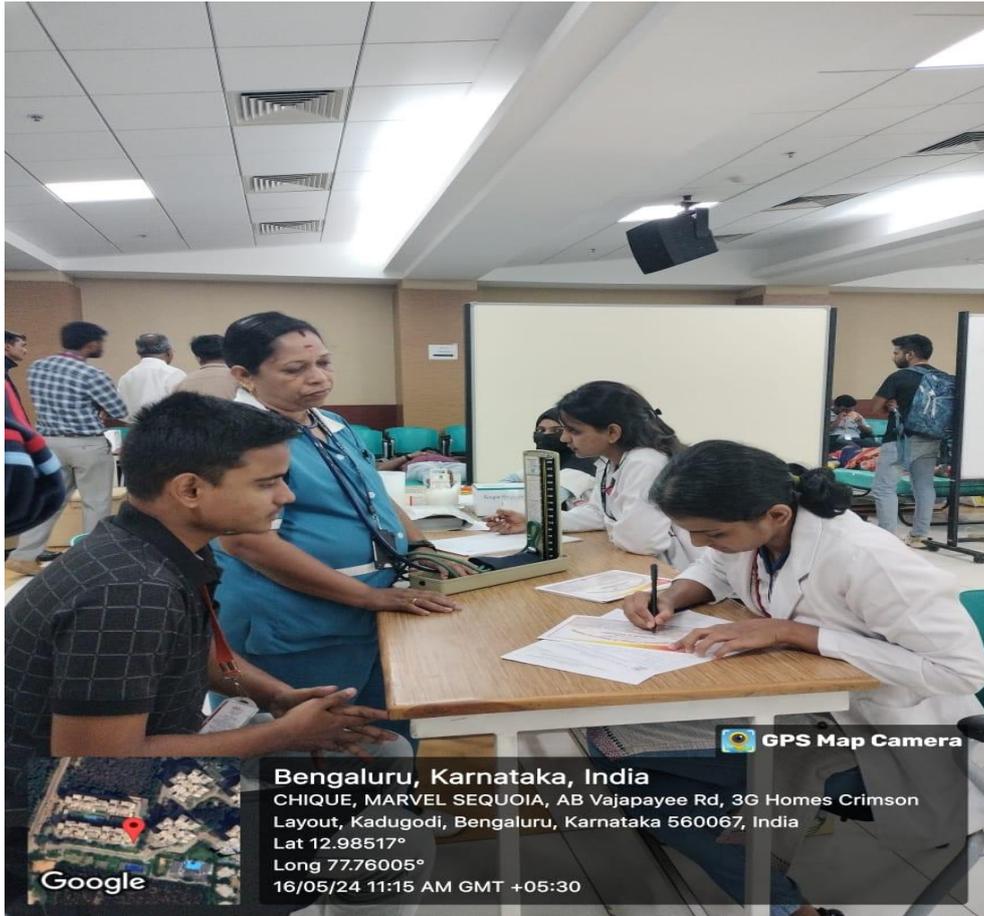

The blood donation camp was successfully conducted at the MVJ College of Engineering campus in collaboration with MVJ Medical College. A total of **80 donors** participated in the camp, demonstrating great enthusiasm and willingness to contribute to this noble cause.

Key Highlights:

- The event began with the registration of donors, followed by a thorough health check-up conducted by a team of experienced doctors and nurses from MVJ Medical College. This included checking the donors' haemoglobin levels, blood pressure, and overall health condition to ensure they were fit for donation.
- The donation process was organized, ensuring that all safety and hygiene protocols were strictly followed. Each donor was attended to individually by medical professionals who guided them throughout the donation process.
- Post-donation, all donors were provided with refreshments.

Impact:

The blood donation camp was a great success, collecting a total of 80 units of blood. This contribution is expected to significantly aid in addressing blood shortages at hospitals and in emergency medical situations. The camp not only collected vital blood units but also instilled a sense of social responsibility among the students and faculty of MVJ College of Engineering.

Preliminary tests conducted before Blood Donation

NCC Students coordinating with the doctors for the smooth conduction of the camp.
