

World Environmental Day, June 5, 2024.

Introduction: The NCC Unit of MVJ College of Engineering, Bangalore, celebrated World Environmental Day with great enthusiasm, recognising the importance of environmental conservation. The event aimed to raise awareness among the cadets about the significance of protecting our planet and taking proactive measures towards sustainability.

Attendance: A total of 14 dedicated cadets participated in the event, showcasing their commitment towards environmental preservation.

Activities: The highlight of the event was a plantation drive conducted within the college premises. Cadets actively engaged in planting saplings of various native tree species, contributing towards enhancing the green cover and biodiversity of the campus. This initiative not only promoted environmental consciousness but also fostered a sense of responsibility towards nurturing and protecting nature.

Additionally, various educational sessions and interactive discussions were organised, focusing on topics such as climate change, pollution control, and the importance of sustainable living. These sessions provided valuable insights and encouraged the cadets to adopt eco-friendly practices in their daily lives.

Outcome: The World Environmental Day celebration served as a platform for fostering environmental stewardship among the cadets. Through hands-on activities like the plantation drive and informative sessions, participants gained a deeper understanding of environmental issues and pledged to make a positive impact through their actions.

Moreover, the event facilitated camaraderie and teamwork among the cadets, as they collaborated towards a common goal of environmental conservation.

Conclusion: The World Environmental Day celebration organised by the NCC Unit of MVJ College of Engineering, Bangalore, was a resounding success. By instilling a sense of environmental responsibility and encouraging proactive participation, the event underscored the importance of collective efforts in safeguarding our planet for future generations. It served as a testament to the commitment of the cadets towards creating a more sustainable and greener future.

As the global community continues to grapple with environmental challenges, initiatives like these play a crucial role in inspiring positive change and promoting a culture of environmental consciousness.

Acknowledgement: The organisers express their gratitude to all the cadets who participated wholeheartedly in making the event a success. Special thanks to the faculty advisors and volunteers for their invaluable support and guidance in organising the celebration.

Future Endeavours: The NCC Unit of MVJCE looks forward to organising more such initiatives in the future, fostering a culture of environmental stewardship and sustainable living within the college community and beyond.
