

ABOUT MVJCE

MVJ College of Engineering (MVJCE), located in Whitefield, Bengaluru, was established in 1982 as the flagship institution of the Venkatesha Educational Society. Over more than four decades, the institution has grown in stature and reputation, emerging as one of the leading engineering colleges in Karnataka. MVJCE has consistently delivered quality education in engineering, management, and allied disciplines, with its alumni making notable contributions in prestigious organizations across India and abroad.

The college is spread across a lush green 15 - acre campus, equipped with state-of-the-art infrastructure that supports academic excellence, research, and innovation. At present, MVJCE offers 15 undergraduate programs, 8 postgraduate programs, and Ph.D. programs across 9 recognized research centres, fostering a strong culture of research and interdisciplinary learning.

In recognition of its academic rigor and effective governance, MVJCE was granted Autonomous Status by the University Grants Commission (UGC) in 2019-20. The institution is approved by AICTE, affiliated to Visvesvaraya Technological University (VTU), Belagavi, and recognized by the UGC under Sections 2(f) and 12(B). Guided by a dynamic Board of Governors, MVJCE actively promotes innovation, entrepreneurship, and industry-focused education, preparing students to become competent, industry-ready professionals. The institution continues to uphold its vision of "Engineering a Better Tomorrow" through academic excellence, holistic development, and impactful student achievements.

CORDIALLY INVITES YOU TO

**YOUTH AND INNOVATION :
BUILDING MODERN INDIA**

ON 9th MAY 2026, SATURDAY

Time: 09:00 to 16:00

Venue: Dr. M V Jayaraman Auditorium

CHIEF GUEST:

Dr. RISHIKESHA KRISHNAN

Former Director, IIM Bangalore

PRESIDED BY:

PADMA BHUSHAN Dr. B N SURESH

Chairman, Board of Governors, MVJ College of Engineering
Chancellor, Indian Institute of Space Science and Technology, Thiruvananthapuram

ABOUT PROJECT EXPO

The Project Expo is a flagship academic and innovation event organized by MVJ College of Engineering (MVJCE). It aims to provide young innovators with a dynamic platform to showcase their ideas, projects, and working prototypes developed across diverse engineering disciplines. The Expo promotes creativity, interdisciplinary collaboration, and solution-driven thinking aligned with emerging and cutting-edge technologies.

The Project Expo is structured into three major streams—Mechanical Sciences, Computer Sciences, and Electrical Sciences—to ensure effective categorization and expert evaluation. With participation from multiple institutions, the Expo fosters healthy competition, an innovation-driven culture, and experiential learning among students.

Through attractive cash prizes, expert feedback, and interaction with industry leaders, the Project Expo plays a vital role in nurturing innovation, entrepreneurship, and research orientation among students, reinforcing MVJCE's commitment to technical excellence and nation-building through youth-driven innovation.

HIGHLIGHTS OF PROJECT EXPO:

- Received over 300 innovative ideas from reputed institutions across Karnataka and other states.
- 100 innovative ideas were shortlisted for further project development and evaluation.
- Provides a dynamic forum for students to showcase innovative ideas, projects, and working prototypes across engineering disciplines.
- Enables interaction with industry professionals and experts, offering feedback and real - world insights.
- Encourages excellence through attractive cash prizes and promotes innovation, entrepreneurship, and experiential learning.

PROGRAMME SCHEDULE

Time in hrs.	Programme
9:00 to 10:00	Registration and Tea
10:00 to 10:05	Welcome Address by Principal, MVJ College of Engineering
10:05 to 10:20	Release of Book, 'Engineering Tomorrow: A Compendium of Youth Innovations' and address by Padma Bhushan Dr. B N Suresh, Chairman, Board of Governors, MVJCE
10:20 to 10:50	Inauguration and Address by the Chief guest- Dr. Rishikesh Krishna, Former Director, IIM Bangalore
10:50 to 11:30	Invited talk by Dr. D K Singh, Director, Human Space Flight Centre, ISRO. Topic: Emerging Technologies which Shape and build Modern India
11:30 to 12:10	Invited talk by Ms. Anita, Partner, Client Services Leader, Industrial Sector, IBM India Pvt. Ltd. Topic: Future Scientific and Technological Skills to meet Vikshit Bharat -2047.
12:10 to 13:10	Visit to Project Exhibition stalls
13.10 to 14:00	Lunch Break
14:00 to 14:40	Invited talk by Dr. Bala Bharadvaj, Former Managing Director, Boeing's Engineering & Technology Center in India. Topic: Innovations for transforming Challenges into Opportunities
14:40 to 15:20	Students' Presentations by first prize winners in Project Expo 2026.
15:20 to 16:10	Valedictory Session: Valedictory address by Prof. B N Raghunandan, Member, Board of Governors, MVJCE, Dean (Retd.), IISc.
